Item 1 - Introduction

Evermont Wealth, Inc. (CRD No. 168581) is registered with the Securities and Exchange Commission as an investment adviser. Advisory services and fees are different from brokerage services and fees. It is important to understand the difference and carefully consider which account type and the services that are right for you. This document provides a summary of the types of services provided by Evermont Wealth and the associated fees. In addition, free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://www.investor.gov/CRS), which provides educational materials about broker/dealers, investment advisers, and investing.

Item 2 - Relationships & Services

What investment services and advice can you provide me?

Evermont Wealth strives to meet (in-person, phone, video) with clients, no less than annually, to provide investment advice, develop strategies and define goals as well as regularly monitor investments as part of our standard services. Assets can be managed on a discretionary or non-discretionary basis. Discretionary authority allows securities to be bought and sold without asking in advance and without material limitations whereas non-discretionary authority would require permission prior to each transaction. Evermont Wealth receives compensation by charging a quarterly on-going asset management fee as disclosed in our [ADV 2A](#). Advisory services are not limited to proprietary products or a limited menu of products. There is no minimum dollar amount required to open an account.

Conversation Starters: Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?

Item 3 - Fees, Costs, Conflicts and Standard of Conduct

What Fees will I Pay?

Fees and costs affect the value of your account over time. Evermont Wealth charges a tiered management fee based on a percentage of assets under management. You pay our asset management fee even if you do not buy or sell and whether you make or lose money during the billing period. Evermont Wealth has a fiduciary duty to manage an account in a cost-effective manner and considers custodian fees, account maintenance fees, fees related to mutual funds (12b-1 fees) and variable annuities, and other transactional fees (ticket charges) and product-level fees when making investment recommendations.

What are your legal obligations to me when acting as my investment adviser?

As an investment adviser, we always have a fiduciary duty to act in your best interest.

How else does your firm make money and what conflicts of interest do you have?

Evermont Wealth does not offer proprietary products, receive payments from third parties for investment advice, participate in a revenue sharing agreement or conduct principal trading. When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means: the more assets you have in an advisory account, the more you will pay us. We therefore have an incentive to grow the assets in your account to increase our advisory fees. Additional information about conflicts of interest are available in our [ADV 2A](#).

How do your financial professionals make money?

Financial Professionals are compensated based on a percentage of assets under management. The percentage charged is based on the scope and complexity of your account, the amount of time and expertise required as well as the account value. Financial Professionals can also make money by providing financial plans or hourly consulting.

Conversation Starters: “Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me? How do conflicts of interest affect me, and how will you address them?”

Item 4 - Disciplinary History

Do you or your financial professionals have legal or disciplinary history?

No. Evermont Wealth has no disciplinary history to disclose; however, we encourage you to visit Investor.gov for a free and simple search tool to research our firm and our financial professionals. To report a problem to the SEC, visit Investor.gov or call the SEC’s toll-free investor assistance line at (800) 732-0330.
